ECOWATER UPFLOW CHLORINE TASTE AND ODOR FILTER

Back of System

Environmental Choice for Water Treatment

Coconut-Shell Carbon

Filters the water throughout the home without compromising water flow. Removes chlorine taste and odor and eliminates the need for separate carbon filter changes.

Up-flow Design

Up-flow service simplifies product design and operation (less service required).

By-pass Valve

Allows for easy maintenance and servicing.

Multi-Wrap Fiberglass Reinforced Tank with Limited Lifetime Warranty

Durable; doesn't deteriorate, rust, or corrode.

Distributors

Distributors exhibit excellent flow rates.

No Electricity

Simplifies installation, maintenance and reduces electrical hazards.

No Salt or Added Chemicals Needed

Uses environmentally friendly "green" technology for areas with water or brine-discharge restrictions.

Zero Waste Water

No backwashing required and zero discharge.

Standard Plumbing Connection

1" NPT Male connection for easy installation. Larger 1-1/4" and 1-1/2" plumbing adapters available.

 Designed, Engineered &
Assembled in the U.S.A.

DIMENSIONS

SPECIFICATIONS

ETF2300SC10

Nominal Mineral Tank Size	10" dia. x 35" tall
Service Flow Rate	10 gpm
Intermittent Flow Rate @ 15 psi Pressure Drop*	20 gpm
Coconut Shell Carbon	14 lbs.
HDPE	3 lbs.
Maximum Working Pressure (psi)	125
Water Temperature Limits (°F/°C)	40-120 / 4-49

* Intermittent flow rate does not represent the maximum service flow rate. Continuous operation at flow rates greater than the service flow rate may affect performance.
